### **IMechE Central Canada Branch – Committee Member**

IMechE CCB is always looking for volunteers to join the committee as Ordinary Members. We rely on volunteers to plan and host our events and to connect us with our membership and the wider engineering community. This is a great opportunity to mix with a group of like-minded engineers and contribute to the profession. Volunteering for the committee connects you to an international network that offers professional camaraderie, mentorship, and the ability to develop new skills in a supportive environment.

Ordinary members participate in the Branch's regular committee meetings where we plan future events, discuss branch business and initiatives, and explore collaboration with other institutions and organizations.

#### **Responsibilities**

- Attend monthly committee meetings (most are via conference call)
- Take on ad-hoc tasks in line with your experience and availability
- Uphold professional standards and values of the IMechE

#### **Skills, experience, qualifications**

- IMechE membership at any level (Affiliate, Associate, MIMechE or FIMechE)
- Interest in Mechanical Engineering and professional development

For more information or to apply, please contact Phil Apperly at [hon-secretary@imeche-ccb.org](mailto:hon-secretary@imeche-ccb.org)
