

How Can Leadership be Learned?

Po Chi Wu
Adjunct Professor
School of Engineering
School of Business & Management
HKUST

Challenges:

- Accelerating rate of change
- High uncertainty
- Current systemic weaknesses
- How can we (industry, academia, society) respond?

- Old Q: How can we maintain (orderly) growth?
- New Q: In the context of dynamic change, what assumptions need to be tested?

Leadership tools

- “Hard” vs “Soft Power”
- Courage to ask about what we don’t know?
- Context & perspective
- Mentoring

SENG
SCHOOL OF
ENGINEERING

ENGINEERING
OUR FUTURE

- What does a leader focus on?
- How do we want to define our value?

Leadership

- => Inspires direction
- => Inspires excellence
- => Inspires teamwork
