

Many engineers have expressed a wish to become Professionally Registered Engineers and Members of the IMechE. This 3 hour course has been designed to help you through each of the UK-SPEC competence statements and application paperwork, preparing you for the submission of your application form and Professional Review Interview.

The interactive training session will help you to submit an application for membership. Guidance, feedback and advice will be provided, as you write your application, by Zen, Business Development Manager.

At the end of this session you will:

- Understand how your qualifications, career and experience map across to the requirements for IEng or CEng Registration
- Compose Personal Competence Statements and a Development Action Plan
- Submit an application for Membership
- Prepare for your Professional Review Interview

Topics covered

- The application form and competence statements
- The Development Action Plan
- The Professional Review Interview
