

## Technical Visit to Superterminal 1 Hong Kong International Airport

The SuperTerminal 1 is the largest single cargo terminal in the world located at southeast corner of the Hong Kong International Airport in Chek Lap Kok, New Territories, Hong Kong. It has the area of over 170,000 m<sup>2</sup> (1,800,000 sq ft) and consists of "Main Terminal Building" and "Express Centre". It is now owned and operated by Hong Kong Air Cargo Terminals Limited (HACTL).

This visit has focused on the facilities inside Superterminal 1

On December 1, 2012, the IMechE HK Branch organized a technical visit to Superterminal 1. The technical visit provided a good opportunity to our members and engineers to understand more about the facilities inside Superterminal 1. During the visit, the staff of Superterminal 1 introduced fully in the area of cargo management, distribution and storage facilities inside Superterminal 1, all are state-of-the-art.

To the success of this visit, we would like to thank Mr. Jacky Wong of HACTL for his outstanding presentation and tour guide for the whole visit.
